- Image-based flash cards
- DLI resources
 - Language Survival Kits (LSKs)
 - Online Diagnostic Assessment (ODA)
 - Rapport
 - Countries in Perspective
 - G.L.O.S.S.

PROGRAM COMMENTARIES

"This [EFL training] is much more interesting and exciting than my high school English class where we just memorized."
(Vietnamese student Dang Thuy Linh, June, 2014)

"Excellent training format."
[Ms. Nguyen Thu Huong, Head, International Cooperation Div Vietnam National Committee Search & Rescue (VINASARCOM), 16 May 2014]

"A major success of the immersion was the students' increased confidence in speaking and active listening. Those students who were reluctant to speak in class at Ft. Huachuca often sought opportunities to speak with the local populace."
(D. Villarreal, DLI, 41 week Arabic course. 2 week Jordan immersion, 14 Jan 2010)

"Exceeded most expectations."
(5 student comments, Arabic isoimmersion, Ft. Huachuca, 2 Feb-18 Nov. 2009)

"The post-immersion DLPT and OPI's resulted in a 1/1+ ILR level with one student achieving level 2. The students' participation in the University of Arizona Language Fair demonstrated their speaking fluency which received a rating of superior from fair judges."
(41 wk Arabic pilot isoimmersion AAR, Ft. Huachuca, 2 Feb-18 Nov.2009)
